Everything For Milling!

HAKKIMIZDA

ABOUT US

Baklagil ve tahılların işlenmesinde kullanılan Sanayi Tesislerine mühendislik çözümler, yedek parça ve özel tasarım projeler yapmak üzere kurulan şirketimiz uzun yılların deneyimli ve tecrübeli teknik kadrosu ile tüm Dünyada hizmet vermektedir.

Tesislerimizde iyileştirme, kapasite artırma, optimize edilmiş Yedek Parça Tedariği ve Teknolojik Destek vermek için her zaman hazırız. Hızlı ve Ekonomik Çözümler için lütfen bizimle temasa geçiniz.

A company established for finding Engineering Solutions, supplying Spare Parts and designing special Projects of Industrial Plants that are handling Pulse and Grain. Giving Worldwide Service due to its experienced Skeleton Crew.

We are always ready for making improvements at our Plants, increasing capacity, supplying optimized Spare Parts and giving technological support. For fast and economical solutions, please get into contact with us.

Değirmen Teknolojilerinde Yedek Parça **Desteği**

Support Of Spare Parts In Milling Technology

- Baklagil İşleme Tesisleri
- Pirinç İşleme Tesisleri
- Her Türlü Değirmen Tesisleri
- Depolama Tesisleri İçin Geniş Kapsamlı Yedek Parça Tedariği
- Özel İmalat Yedek Parça Tedariği
- Yem Fabrikaları Yedek Parçaları

- Pulse Processing Plants
- Rice Processing Plants
- All Kind of Milling Plants
- Far-Reaching Spare Part Supply of Storage Facilities
- Special Manufacturing , Spare Part Supply
- Feed Mill Spare Parts

MATERIAL: Stainless Steel 18/8 AIS 304

Es. N.P.F. 50 F.Ø mm 0.12

WIRE CLOTHS FOR PLANSIFTER OR FOR MILLS

For Plansifter and/or for mills.

Prepared with stainless steelwirer inox 18/8. The most common type is a plain cloth. The warp and the weft wires form 90° angles, the meshes are perfectly regular and have a very smooth surface and special precal precision in the mesh, wich is always exactly square.
